

Money Mastery Immersion

CREATING AND RECEIVING MONEY NOW

Welcome to the final week of Money Mastery Immersion. In addition to everything you've discover, uncovered and learnt in the prior activation and wisdom calls and playbooks, I've found that it is essential to have the following four things in place in order to transform your relationship with money and collapse time and space on the path to your dreams.

1. Belief in yourself and in what's possible for you, and what is available to you now.
2. Desires and the purpose behind your goals.
3. Inspired action, taking the steps forward that you feel inspired to take even when it feels scary.
4. Expression of appreciation, realizing that money is simply an expression of appreciation given or received.

These are the mindset shifts that have supported me in transforming my life, business, money and sacred wealth, and this week I'm going to share them with you and teach you how to attract money now.

One of the questions I most often receive is about how I was able to transform my finances so quickly. And the truth is, it was a combination of belief, knowing my value, clarity, claiming my power, and taking inspired action around my desires and mission.

So stay with me on this journey! I'm going to share all those things and more in this playbook.

Let's do this thing!
Blessings and love,

Alexandra

INTENTION

As always we'll start off with your intentions for this week. What is your main desired outcome for this week's work? Write an open, raw, honest and loving letter to yourself. No editing allowed ;-)

IT IS POSSIBLE FOR YOU, TOO!

First you need to know what success really means to you. It's time to put aside what you think success is, because it is likely that your definition of success comes mainly from others, and what the world at large has told you. That version of success might end up being yours and the expression of your soul, or it might not. The important part is to start delving into this area, so you can start coming from a place of power and clarity.

Your version of success will be unique to you, in many ways, and it's essential that you know what it is. The more you can align with your version of success the greater the flow you will experience on your journey of creation, expansion, and actualization.

Let me ask you a few questions before we move on...

Despite all the work and expansion you have done during this immersion, are you still struggling to see how everything you desire and require in your business and life is possible for you?

SHARE WHAT COMES UP FOR YOU

Part of moving through fear and confusion and into a place of clarity and power is integrating the truth that what you desire and require are possible for you now – and truly believing it deep within.

The truth is, we don't always know HOW it's going to play out, and HOW it's going to be created and popped into our field to play with. The how starts to unfold when you do the good inner work by knowing that your vision, mission and dreams are meant for you. That you will be fully supported as you expand, awaken and transform your inner realm, and all that is within your Sacred Wealth Design will come into your outer world.

You have to believe it, to see it!

HOW WOULD IT FEEL TO ACTUALLY KNOW THAT EVERYTHING YOU WANT IS TRULY POSSIBLE FOR YOU AND AVAILIABLE TO YOU NOW? WHAT'S IT'S GOING TO TAKE FOR YOU TO KNOW?

SUCCESS IS MEANT TO LOOK AND FEEL LIKE?

FEARFUL OR WEALTHY

You can either let fear run you, or allow wealth to guide you.

You're ready for more - more money, time, freedom, confidence, and belief, worth, trust, health, love, pleasure, purpose, prosperity and power.

To live and create your business and life on your own terms, by your own design and by your own rules.

You desire financial freedom, you want to bust loose from this money game, so you are fully supported in creating and experience all of your desires and expanding your Sacred Mission and sacred world changing movement. To finally start creating and experiencing the business and life that your soul has been craving.

You're done worrying about money and feeling like you're never quite where you desire to be. You're done with avoiding your bank account/s and wondering where your money has gone each month. You're over the struggle, hustle and striving.

Making the shift to choose wealth in all of its forms, including money over fear is one of the key first steps.

If you're not creating the amount of money that you require and desire every month, you have the power to change that. The key here is moving through fear by generating knowing and taking inspired action.

When you choose wealthy, you are coming from a place of love. Loving yourself, others, your vision, mission and what it is you are designed to bring to the world. Sacred Wealth is your birthright and what you require to play your unique note in this uni-verse fully.

It's time to let love guide you, not fear constrict you.

KNOWING AND BELIEF

We've talked a lot of belief and mindset in this immersion, and let's take it one step further...

I believe in myself, and I know that money miracles are true and real, and I created them in my own businesses and life. I know that I don't create all of this alone. No matter what you believe in God, the Universe, Higher-Self etc, I know it helps to know that when you have a desire in your heart, and a mission in you soul, something else is conspiring on your behalf to create everything you require for it to be creates as an experience in your outer life.

I remember when I realized that everything in my life is 'normal' until that single moment that it changes. So, if you life seems 'normal' that a miracle is about to be created in your experience.

When you make a certain amount of money a non-negotiable you will create it.

With that, I've included an exercise on the next page to help you get in tune with your Higher-Self. Your Higher-Self knows your desires, mission and dreams and has your back. The exercise is designed to a make you think about the ways in which YOU can create this amount of money, and on the other side, think of the ways that your Higher-Self can support you (unexpected opportunities, connections, resources etc).

MAKING MONEY EASY

Think about how your business and life will change if you know and believed that money and creating money was easy. What if you were free of financial worries and anxieties? The truth is you weren't born to worry about money. Today is your day where that fear and worry can transform into confidence, knowing, consistency, and excitement.

Just picture how it'd feel to know at your core that creating and receiving money is easy. That's possible for you.

WHAT PART OF YOU STILL THINKS AND BELIEVES THAT CREATING MONEY IS DIFFCULT? WHAT IS IT GOING TO TAKE TO CHANGE THAT BELIEF AND SHIFT INTO KNOWING THAT CREATING MONEY IS EASY?

MONEY IS ON ITS WAY

Think about how you will show up, the thoughts you will have, the decisions you will make when you know money was literally on the way. How would that transform your business and life? How would that transform you mental and emotional state? What about your relationships? One of the keys to creating and receiving money is knowing that it is on its way, and is going to be popped into your field now. How would things shift if you adopted that knowing and confidence in money being on its way to you?

LETTER TO MONEY

Whether you recognize it or not, you've come far in your relationship with money. The truth is you have been creating your money experience all your adult life. You have always had the power, and you have been using that power of creation, now you are just learning to create what is supportive and what money you require and desire.

It's time to write an honest letter to money. Whether that means getting something off your chest, professing your love and appreciation or a combination, go for it. Turn on the tap and let it flow, don't edit or think about it, just let it come forth from you.

WHO DO YOU NEED TO BE?

In reflecting on everything you've discovered and awakened to during this immersion, ask yourself who you need to be to flip the switch and retrain your mind. Who do you need to be, what parts of yourself do you need to claim, what gifts do you need to own, what greatness do you to unleash? Who do you need to be to start creating money now? Who do you need to be to create the business and life of your soul's expression?

CELEBRATE YOUR WAY TO YOUR NEXT LEVEL OF MONEY

Celebrate every single accomplishment no matter how small you judge it to be. So as money starts to be created and flow into your outer world – celebrate the hell out of it! Appreciate it and appreciate yourself!

Love yourself and love it!

Invite more into creation and into your business and life.

HOW ARE YOU GOING TO CELEBRATE YOURSELF AND YOUR TRANSFORMATION? WHAT ABOUT THE FACT THAT MONEY IS BEING CREATED AND ON ITS WAY TO YOU NOW?

“THE SECRET THE RICH KNOW THAT THE MASSES DON’T IS THAT BEING RICH IS MORE ABOUT CONSCIOUSNESS THAN CURRENCY. GETTING RICH BEGINS BY THINKING RICH. IT’S ALL ABOUT WHAT’S HAPPENING INSIDE YOUR MIND, BUT THE MASSES ARE SO FEARFUL AND SKEPTICAL THEY FAIL TO GRASP THIS SIMPLE TRUTH.”
